March

Volume 35

Edition 2- 2012

Deadline for the April Edition is Friday 23rd March 2012

Last month in the Grapevine we announced the achievements of two local young ladies who did extremely well in their Year 12 results. Both girls were invited to Government House in Adelaide where they were presented their awards by Rear Admiral Kevin Scarce AC CSC RANR Governor of South Australia. Miranda, pictured in the centre receiving her Legal Justice Award Certificate at another presentation and also outside of Government House with her Certificate presented by the Governor. Olivia is on the right pictured with the Governor. Both girls have really done themselves, their parents and One Tree Hill proud. Congratulations once again from us all.

From the Desk

February has been a fairly quiet month, maybe everyone has been settling into work and school after the summer holidays.

Being a short month, it has caught a few of our contributors by surprise but fortunately most have been able to get us their items in time for printing.

Our apologies for a few mistakes in last month's edition, but we hope to have overcome most of the problems.

The children are certainly keeping up their entries in both the colouring and baking competitions and this is really encouraging.

If any readers would like to send in photos and or articles of interest, we are always happy to receive them and print if space is available. The April edition will have more details on our Anzac Day events, so please keep a look out for any news for that day.

Mailing Address: P.O Box 196, One Tree Hill, 5114

It's great to hear that the CFS has had a quiet month, lets hope that we continue to stay safe.

We have an article on page 13 that is promoting the OTH Senior Citizens. It sounds like fun so don't forget to turn up at the next meeting if you want to be involved in the many activities that are held each week.

We also have an article on the Chilean Needle Grass, this appears to be a problem still, so if you think you may have it growing on your property report it and stop the spread of this awful weed.

The police report is on page 11, and as always there seems to be quite a few reports, please take the advice of the police and report anything that you find suspicious.

Please note that there is no baking competition for the April market as a lot of folks go away for the Easter break. May will be Easter Chocolate so there is ample time for our aspiring chefs to practice before the competition.

Until next month, the Grapevine Team.

Letter from the President—March 2012

Plans continue for a Family Fun Day to be held in the afternoon of Anzac Day at the McGilp Oval. This function is being well supported by many of the local sporting clubs.

The Progress Association would like to stress that for those who may be concerned, in some way this function will interfere with the importance and remembrance of Anzac Day, we are very mindful of maintaining our position of both hosting the morning service and the need to honour those who served.

We are all aware that after 12noon when flags are raised to full height, that we can celebrate the life style that Australia offers, and enjoy the freedom that has resulted from the sacrifices that were made by those who fought in the two great wars, and even today as conflict continues around the world.

On a local note, the new storeroom at the Institute will consolidate many items of property and historic documents that have previously been kept in less than ideal conditions.

When time permits, we may be able to publish some of the history of the development of the One Tree Hill district.

There are many people who have contributed over the years, usually with little if any recognition, we hope to change that situation a little.

Best wishes, Ian Slater
President, OTH Progress Association

Australia Day Celebrated

Australia Day 2012 was the 25th consecutive celebration of Australia Day for Tyeka Drive residents at One Tree Hill.

Trevor and Joylene Bateman have hosted this event for those who live in the street every year since the Bicentennial in 1987.

The celebration is marked by an 8am breakfast complete with flag raising and the singing of the Australian National Anthem by the 40 people present.

There are also some tongue in cheek awards to embarrassed individuals to mark events that involved them during the year.

This year, a surprise presentation was made to Trevor and Joylene to mark the leadership they have shown in the community.

What a great way to get to know your neighbours!

Pictured above are Trevor presenting an award to his brother Roger, Trevor and Joylene receiving their award and certificate. Pictured on the right are the residents of Tyeka Drive.

Pictured below are the winners of the Christmas Colouring Competition who were presented with their prizes at the Market held on the 4th February. Once again Office Works Elizabeth donated bags full of goodies for the children. The next colouring competition will be Easter themed so sharpen those pencils and crayons and get ready for the April Grapevine.

Pictured on the right are the winners of the lamington themed bake off competition, well done to all those who entered. Further details for April's competition are on page 17.

ONE TREE HILL GRAPEVINE
CFS REPORT FEBRUARY 2012
Incident Report

The month was very quiet for fires in the OTH Area which is good to report, mainly due to the mild weather. The usual number of car fires and road accidents continued, mainly in the small hours of the morning.

Siren Use

The use of the siren often attracts both positive and negative feedback about its use. The Brigade's policy remains that the siren should be sounded whenever a fire has a potential to threaten property in the township or immediate surrounding areas and has served this important function for many years. It is also a backup method of responding volunteers if there are paging or phone faults.

While the siren may occasionally sound at various times due to testing or other reasons if heard outside of the regular weekly test (Monday 7:30pm) please always venture outside and inspect the area for any signs of a fire nearby. While the Brigade will always strive to sound the siren when required it should not be relied upon as the sole notification of a local fire. Other methods that may be used include your local and Community Fire Safe 'phone trees', the CFS website, local ABC radio 89.1 or emergency phone alerts.

Reminders

BURNING IN THE OPEN IS PROHIBITED ACROSS THE ENTIRE CITY OF PLAYFORD DURING THE FIRE DANGER SEASON WITHOUT A PERMIT

Councillor's Report by Joe Federico

As a result of my question to Council on the 13 December 2011, Council has sought a crash history for the Intersection of Kersbrook Road, Humbug Scrub Road and Gawler – One Tree Hill Scenic Route. The Kersbrook Road and Humbug Scrub Road come under the care and control of the Department for Planning, Transport and Infrastructure (DPTI) Transport Services Division – Metropolitan Region (Ph 8226 8222) who reported the following; That since January 2006 there have only been NINE (9) crashes at that site, these comprise of one fatal crash, two resulting in serious injury, three resulting in minor injuries and three resulting in property damage. They further advised that the department would undertake a review of the location to determine if any changes are required. It is expected that the review will be completed by May 2012; Mr Robert Henty of the department is conducting the review. A summary of the accidents follows 2006 No crashes. 2007 No crashes, 23/3/08, 9.45am, minor injury, roll over, Motor Cycle. 24/09/09, 6.45am, property damage only, rear ender, both vehicles travelling NW. 27/11/09, 8 am, property damage, utility travelling SE disobeyed stop sign, hit station wagon travelling SW. 7/04/10, 13.50pm, serious injury, sedan travelling SE left road, out of control, hit tree, rolled over, caught fire. 27/06/10, 17.50pm, property damage only, sedan travelling NW turning left to travel SW, crossed centreline, hit sedan travelling NE. 14/02/11, 8.30am, minor injury, rear ender, both vehicles travelling NW. 01/04/11, 17.45pm, minor injury, sedan travelling NW disobeyed stop sign hit sedan travelling NE. 19/11/11, 11.30am, serious injury, sedan travelling NW disobeyed stop sign, hit 4WD travelling NE. 08/01/12, 11.50am, fatal crash, utility travelling NW disobeyed stop sign, hit sedan travelling SW. I will publish the results of the review once they become available. Please drive with care and don't expect that all road users will obey road signs

The Rural numbering saga continues to drag on, Council has advised that they are ready to roll out the new numbers however their partners being DPTI and Australia Post have encountered issues due to the cities rapid growth and the Nexy Highway dissecting roads and suburbs resulting in changes in names to roads and suburbs.

However the latest dates for the rollout to the Hills zone is scheduled for June 2012 and should take 6 – 8 weeks to complete; the plains zone will likely occur by late 2012 to early 2013. Addresses will not change until the affected residents are notified by mail by Australia Post. Contact details for DPTI are Mr Ron Hope, (08) 8226 4144 and Australia Post, Ms Allison Mount (08) 8402 6093.

If you have any concerns or issues with or about our City, please in the first instance phone 82560333 and or send your e-mails to playford@playford.sa.gov.au and cc to crfederico@playford.sa.gov.au this will ensure that council sees your concerns and then forwards your e-mails on to me. If you are uncomfortable with council viewing your comments then please e-mail me at jfederico@internode.on.net if subsequent to that approach you do not receive a timely or satisfactory result please feel free to contact me personally. However I cannot guarantee that I will be able to get any better results but will at least have council reassess their position and provide an explanation as to their resolve and in some cases if not most, reach a compromise that is acceptable to all parties concerned. Council's 24 hour phone number is 82560333 for all your enquires and or requests. Remember to get a Customer Reference Number (CRN) to ensure registration and easy identification of your communication. Cr Joe Federico

OUR VISION

"People of faith sharing God's love as we worship and serve in the community"

WHY NOT COME ALONG ON SUNDAY MORNINGS when we have our 10am Service? We have a different Speaker each week, which makes it very interesting, as there is something for everyone. The atmosphere is very friendly and welcoming, and after the Service we enjoy a cup of tea, coffee or cordial. The children (as well as the adults) also enjoy the cakes and biscuits. There is no shortage of conversation there.

ALL CHILDREN ARE WELCOME, and after staying in for the beginning of the Service, they then go to their own room, where they have a Special Time of learning and fun.

SMYG—SUNDAY MORNING YOUTH GROUP The young people in this Group meet at 10am with their Leader, in their own room, where they are able to discuss and learn. They then join the others for a cup of tea/coffee.

There are various Groups to be involved in, such as **BIBLE STUDY GROUPS, THE DRAMA GROUP, THE MUSIC GROUP, THE FELLOWSHIP GROUP and the CRAFT GROUP.**

OPERATION CHRISTMAS CHILD (Samaritan's Purse) Our Speaker on Sunday the 12th February was Alison Ellis, who is one of the people involved at the Warehouse where we take the Christmas Boxes, from where they are sent to the children in places such as Cambodia and Thailand.

A Christmas Box may be the only gift these children get, and Alison told us of some very moving incidents of children opening a Box and finding the exact item they were needing, such as a pair of socks or a pair of thongs. October is the month we collect these Boxes, but it may be a good idea to start now, looking out for items to include such as soft toys, socks, thongs, exercise books, coloured pencils etc.

FELLOWSHIP NEWS Meetings are usually held on the 4th Wednesday of each month, in the Church, and everyone is welcome to come along at 10am when we have a cup of tea/coffee and then a small amount of business before our Speaker.

March 28th will be our EASTER DEVOTIONS, and on April 18th our Speaker will be Michael Talbot, Social Historian— who will be speaking about local Institutes. Please keep in mind that on **August 22nd Simon Bryant (Celebrity Chef)** will be giving us a Cooking Demonstration.

FELLOWSHIP MARKET STALL to be held on Saturday 3rd March. There will be a variety of Cakes, Biscuits etc. and lots of other things. Please come along.

Enquiries about any of the above can be addressed to Sybil Winsor on 8280 7038

Horse Care—Sand Colic

I was going to follow the fodder store article with washing tips for horses, but with several cases of colic around I have changed my focus. Washing will come later.

Colic is any pain in the gut. But in horses the stress can kill within hours. They often roll in pain and this can cause the bowel to become twisted. This will result in death unless expensive surgery is successful. If your pony is showing signs of pain, get a vet. They can administer painkillers, as well as more effective treatments, which may save your pony's life.

The current "epidemic" of colic is probably caused by ponies looking for any morsel of food. They are "hoovering" the ground, and in the process picking up sand. Sand settles in the stomach until it causes blockages and intense pain: colic.

Check for sand in the gut by the following method. Pick up a fresh pile of manure. Drop it (without any dirt attached if possible) into a bucket of water. Mix thoroughly. Allow to settle. Skim the floating manure off the surface. Feel into the bottom of the bucket (you can pour the water off carefully but don't agitate again). If there is a cup of sand in the bottom, you have serious sand issues. This is the sand the horse has passed. You can be sure there is much more still inside him. If you can find any sand TREAT AT ONCE! Treatment is by feeding psyllium husks. As the psyllium absorbs water from the gut, it will pick up any sand present and the whole mass will be passed out.

Treat with 100g psyllium per 100 kg horse (i.e. ½ kg psyllium per average 16 hand horse or 300g per pony). Do this for at least 3 days. It may need 5 days if you are still getting sand with the bucket test. Repeat every month until you are no longer getting any sand in the bucket. This often drops off when winter grass is growing well.

As ponies do not like psyllium you may have to mix it into feeds. For suggestions, have a look at my book, available in the fodder store.

If you have any horse query for Julie please email the Grapevine. Email: oth.grapevine@bigpond.com

Corrections to February column

Horse Care. There was a word missed in last month's column. Unfortunately it changed the meaning of the paragraph. It should have read "tetanus AND toxoplasmosis . . are the most dangerous offenders"

Tetanus usually arises from deep puncture wounds. Toxoplasmosis is transmitted primarily through cat manure. Changing the litter tray can also give you toxo, so please wash your hands thoroughly after such activities.

The poem printed last month was sent in to The Register by a G A Payne. It was assumed that he wrote the poem. It would seem that he may not have written the poem as his Father in law 'Henry Hamilton Blackham' of Trevilla, One Tree Hill was a noted poet and had his works published in papers and journals in Australia.

THE SILVER TOPS ARE LIVING IT UP

It is 25 years young and still going strong - One Tree Hill Seniors Club will celebrate its silver anniversary in September this year. It commenced in 1997, the club offers much to its members by providing fun and games, trips and dinners but more importantly is the friendship and the social atmosphere that prevails at its meetings.

The club is open to all people, aged 50+ years, with our oldest member, Rose, being 97 and still enjoying life by participating in the activities and outings as well as playing 10-pin bowls, and she's pretty good at it too!

Martin Lindsell has just taken over as President and he gives a big thank you, on behalf of all members, to Lance Walter for his dedication and enthusiasm in being One Tree Hill Seniors Club's head honcho but also for the work he does in the community generally. Thanks Lance - it is much appreciated but it doesn't mean you can sit back and take it easy!

Martin says the Club always invites new members and the welcome mat is out to anyone who would like to engage with other people of similar ilk in having some fun, good camaraderie or just like a chat over a cuppa and biscuit or cake or a sandwich. Whether it's Christmas in July, Christmas at Christmas, Easter, Mother's Day, Father's Day, Melbourne Cup or any other celebration, the Club has always something to do and celebrate.

At our recent AGM the following committee members were elected: President Martin Lindsell, Secretary Gordon Robinson and Treasurer Margaret Tiley.

So, do come and join us, we meet on Tuesday afternoons commencing at 1.00pm for a 1.30pm start in the One Tree Hill Institute, Black Top Road, One Tree Hill or you can contact Martin for further information on 8254 9248. We look forward to seeing you.

Vehicle Security

In recent weeks, a spike in the number of Thefts from Motor Vehicles has been reported to Police.

It is easy to become complacent about our own vehicle security when we at home and sometimes out and about. Reducing the opportunity for theft to occur is our responsibility.

- * Remember to lock your doors and close the windows.
- * Install an alarm or immobiliser and activate it when you park
- * Avoid placing bags and wallets on the passenger seat where they could easily be stolen
- * When at home, keep your keys in a safe location
- * Remove all valuables such as purses, GPS devices, mobile phones, laptops and cameras. If you can't remove them, conceal them from sight before you reach your destination in case you are being watched
- * Park your vehicle off the road, if possible secure it in a garage
- * Secure trailers and boats to prevent them from being stolen
- * Don't hide spare keys inside or near your vehicle
- * At night, park your vehicle in a well-lit area
- * Avoid leaving your GPS in the glove box or console - this is the first place thieves look, mark or engrave your GPS and valuables with your drivers licence number, prefixed with the letter "S" for South Australia
- * Take note of the make, model and serial number of your GPS and valuables - keep this information somewhere safe in your home.

Hoax/Spam Emails

There have been quite a few enquiries from people who have received emails purporting to be from a reliable source, giving all sorts of safety advice, etc. The question is always the same, "How do we know if this is true?" There are a number of websites that are dedicated to exposing the latest hoax and spam emails. Contact the Office of Consumer & Business Affairs before responding to any offer that sounds too good to be true. Phone 8204 9777 or check out their website at www.ocba.sa.gov.au Report spam emails at www.spam.acma.gov.au Have a look at the following www.scamwatch.gov.au www.hoaxbust.er.net

THE ONE TREE HILL CHILEAN NEEDLE GRASS COMMUNITY GROUP

Hopefully by the time you read this everyone in the OTH area will be aware of Chilean Needle Grass (CNG) and the serious threat it poses to our farming lands, animals, and biodiversity.

Raising awareness of this weed has been one of the main aims of this group of local volunteers.

The OTH CNG Community Group was formed in late 2010 and since then has been actively working towards the containment and control of this weed in the OTH area. Although it is a 'Weed of National Significance' and can spread rapidly, the local outbreak is still deemed containable. Smaller outbreaks can be controlled by removing/bagging seed heads and disposing of properly, and spot spraying or grubbing out individual plants. For a factsheet or further information on control, please contact the Gawler NRM Board on **8523 7700**.

Our work has included:

CONTROL TRIALS were established to test and demonstrate a control strategy. Results show a combination of burning, spraying, fertilizing, cropping and grazing can have a big impact on this weed.

A well attended FIELD DAY on 5 November 2011.

WORKING BEES (4) were conducted late in 2011 aimed at assisting landowners to control/eliminate the weed. Thanks to all those who helped.

An invitation is extended to any land-owner who suspects that they have the grass and would like to have a Working Bee on their property next season, Nov/Dec 2012

(Identification of CNG to be confirmed via NRM Board)

1Lt of free herbicide was provided to verified affected land-owners.

Other AWARENESS RAISING activities such as the distribution of leaflets etc and the display board in the OTH Fodder Store.

We are working in close cooperation with the City of Playford and the local Natural Resource Management Board, and look forward to continued positive interaction with the OTH community.

The immediate group of volunteers now numbers some 15 to 20, but more people are urged to join the team to help control this problem weed. The action to control is limited to a small window later in the year (Nov/Dec), so if you have the opportunity to help, please consider joining our register.

If you have any queries or would like to register a property for a working bee, or register as a volunteer, please ring Tracey Hardwicke on 8523 7713.

Ivy's Chili Sauce

Ingredients:

- 250 grams fresh Red Chilies
- 3 Cups of White Vinegar
- 250 grams Sultanas
- 2 tablespoons finely grated fresh Ginger
- 6-8 Cloves of Garlic peeled and crushed
- 3 Teaspoons Salt
- 3 Cups Sugar

Method:

- Put on gloves before removing stems and seeds of fresh chili, once this is done put them in a stainless steel or enamel saucepan with the vinegar, sultanas, ginger and crushed garlic, add salt.
- Bring to the boil and simmer until the sultanas are soft.
- Add sugar, stir until dissolved and cook for a further 15 minutes.
- Cool, then puree in a blender or push through a sieve.
- Pour into sterilized bottles and seal.
- This keeps extremely well and is a great addition to most meals.

Household Hints and Tips

- 1: Remove stubborn dirt/scuff marks on walls: furniture, tables, shoes etc. with nappy wipes! Funny but true....
- 2: Boils/Blisters/other sores: soak for an hour in tub or bucket filled with a cup of oatmeal. This will draw out the infection and leave skin soft and soothed. (You may have to repeat this for a few nights).
- 3: Silk flowers dull/dusty: Spray with hairspray. They will stay shiny and when they get dusty again, simply blow off with a hair dryer.
- 4: Your puppy chewing on your sofa cushions? Just pour a bit of lemon juice on the corner. Dogs don't like citrus.
- 5: Awkward Bottles: A tip for all those girls out there who occasionally lack the oomph to open screw top water/juice bottles but are too proud to ask nearby guys for help.... If you are at home, a rubber glove or bottle gripper will give the power you need to get into the stickier ones. However, these are usually in short supply at work in the office, so carefully wind a rubber band snugly around the lid and try again....Magic!
- 6: Pen on your shirt? Just spray with hairspray and then milk and it will lift it off no problem.
- 7: Bleach Smell: To remove bleach smell from hands (and that slimy feeling) pour a little vinegar or lemon juice over your hands then rinse. (Bleach is alkaline, vinegar and lemon juice are acid, so they cancel each other out and balance the pH of your skin).

More Hints:

- To pick up fragments of broken glass use bread.
- Squeaky floor boards? This can be eased by using French Chalk or talcum powder on the area.
- Did you know that you shouldn't arrange Daffodils with other flowers as they produce a toxin that kills the other flowers.
- Old newspapers give your windows a perfect shine, wash as normal and then shine with the scrunched up paper.

News from Michael O'Brien MP News Community Mental Health Centre for Northern Suburbs.

Mental Health Minister John Hill said the centre, which will be built on Park Terrace in Salisbury, will offer treatment and care for people in the northern suburbs who need mental health services.

"Mental health consumers and their carers will benefit from having services at one location rather than having to travel for different elements of their care," Minister Hill said. "When fully operational, the Centre will include a walk-in-service so anyone with a mental health issue of concern can come along for advice and support. This also offers an appropriate alternative to hospital Emergency Departments for people in need of help". The Northern Community Mental Health Centre will provide: Mental Health information services, assessment services, crisis response service, outreach services, rehabilitation support, therapy services, psychiatric services and psychology services.

Michael welcomes this next important step and hopes that the Mental Health Centre will provide much needed help to many families in the Northern suburbs.

Introducing Riley Marshall Davidson

Congratulations Melissa, Nathan and family from us all at the Grapevine team.

Many of you will know Melissa from the One Tree Hill Primary School where she has worked for over 10 years.

On December the 12th and just in time for Christmas little Riley Marshall arrived.

We believe that he is the apple of his Mum's and Dad's eye and is a good little baby.

His sisters Maddison, Chaynel and Paige along with brother Matthew think he's just lovely and spoil him with love and attention.

Who wouldn't he's such a cutie!

Of course I may be a little bias being his Nanna! (Bev—Compiler)

Family Picnic Day at the Oval Wednesday 25th April

A great response from the community and various clubs will make this a true community event.

It is planned to have a variety of games throughout the afternoon as well as reinstating the One Tree Hill Gift. Progress still has the plaque with the various winners from past "Gifts" with plenty of space for more winners to be listed.

It was a 100m event for adults, so get out those joggers and enter this great race.

The One Tree Hill School of Dance is looking to do a display and the soccer club will have their canteen open for those who do not want to pack a picnic.

The scouts intend to have a sausage sizzle and some displays of their activities.

The proposed start time is 12.30pm with races and fun games a little later.

More information in the April edition of the Grapevine.

Anzac Day Dawn Service 2012

The annual Dawn Service will be held on April 25th at 6am at the Institute. The RAAF will be co-ordinating the ceremony as in past years. The usual after service refreshments and display will be in the Institute, along with the free sausage sizzle.

If anyone wishes to contribute with a loan of items of memorabilia to the display in the hall for the day, please contact Progress on 8280 7095.

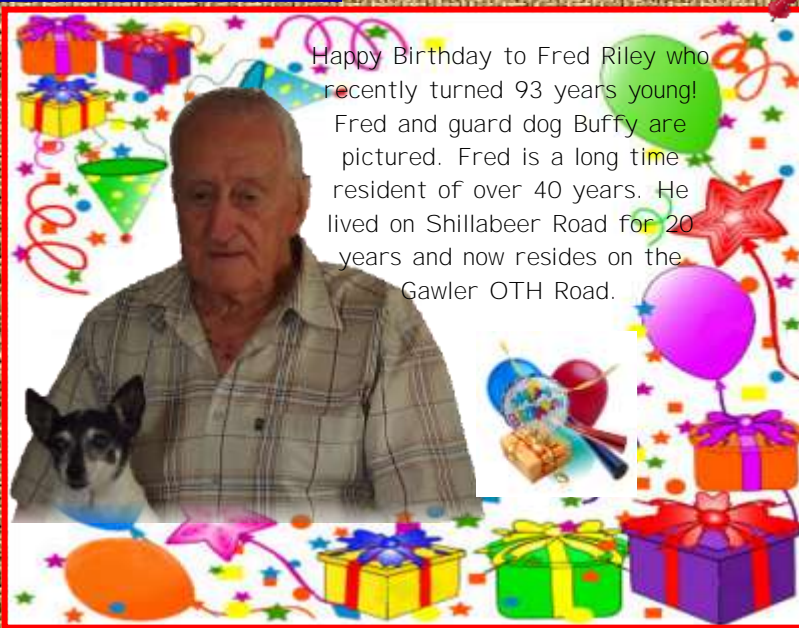

Do you have a Community notice that you would like published? New arrival, birthday etc. Give us a ring at the Grapevine or email us and tell us all about it and we will publish it subject to availability of space.
