

Vol. 17, No: 4

ONE TREE HILL

June 1994

# GRAPEVINE

This monthly newspaper is published by the One Tree Hill Progress Association. Its purpose is to share local news, views, and events. We want to encourage local people and groups to share what they are doing and to pass on items of interest to one another. We are happy to include some advertising from local businesses. Maximum size for an advertisement is one quarter of a page. Deadline for the next issue is Friday, June 24th, 1994. Details may be left at the One Tree Hill General Store, or phoned to Jill McLatchie on 2807214. It would be appreciated if items for publication were handed in well ahead of the deadline date.

COUNTRY MARKET COUNTRY MARKET COUNTRY MARKET COUNTRY MARKET

SATURDAY JUNE 4TH

Space for more stalls. Why have a Garage Sale when you can bring your treasures here and sell them! Make extra money selling surplus fruit and vegies, old toys and books and homemade produce and crafts.

Have you tried those Russian goodies??? A taste sensation not to be missed!

Fire station enquiries during fires 280 7055  
General enquiries (after 5pm) 280 7206 or 280 7059  
Fire Ban Information CFS Headquarters (24 hours) 297 1000

The Progress Association is looking at planting trees on the reserves in the One Tree Hill township and would love to involve community members and groups such as the school and Youth Group. Please contact Richard Sullivan with your thoughts, ideas and offers of help, he'd really like to hear from you. ph 280 7484.

MEMORIAL PLANTING. Sunday June 5th 2.00pm-4.00pm. Lorna Court, One Tree Hill.  
In the Sub Division West of the Township, go down Rose Avenue to the T Junction, turn left onto Lorna Court.  
Please join us at this time if you would like to plant a tree in memory of someone special, or to celebrate a special occasion such as a birthday or marriage.

Ring Ann Dealtry on 2807079 to order your tree, \$2.50

Other interested planters are welcome to plant some extra screen areas.

### Editorial Comment

The comments about the content and format of the "Grapevine" have been very pleasing and positive. We would really like to continue with our postal delivery too. We are getting more and varied advertising now which provides a useful community service as well as helping to defray costs. More advertisements are welcome including classified ads. It's great to see more community groups contributing news. Now how about some letters to the Editor! If people can contribute their 30 cents in a collection tin even if they have it home delivered we would be grateful. We don't want to make a profit but we do want to cover costs.

### Meet our Community. Mrs E R Hicks.

Mrs E R Hicks was born on the family property at One Tree Hill. She was educated at the Precolumb School on Paines Road where she had the same teacher for all but the last six months of her schooling. Her teachers name was Miss Turner. Mrs Hicks considers she was an excellent teacher.

During her teenage years she and her sister used to organise dances and concerts at the Institute. Her father Joseph Charlson and her uncle Pete used to provide the music by playing accordians, while the ladies provided supper. These dances helped raise money for charity and also for the laying of the One Tree Hill cricket pitch. It was at one of these dances that she met her husband. She was married at Pirie Street Methodist Church in a double wedding with her sister. While her husband was away at the war she lived at "View Park", the family home of her parents. While living there she used to walk regularly to Spring Gully droving sheep and helping lamb the ewes. Spring Gully is now under the Little Para Reservoir. When her husband returned from the war, they bought the General Store and Post Office which they ran for 30 years. They lived on the premises, and brought up two sons there. Amongst her duties was the job of telephonist, post mistress and the ringing of the fire alarm. Mrs Hicks was a founding member of the Progress Association and also a member of the Uniting Church. She maintains an active interest in One Tree Hill and its history.

### ONE TREE HILL GENERAL STORE AND POST OFFICE

Proprietors Brian & Karen Stutley

POST OFFICE - NEWSAGENT - CARDS - VIDEOS

Saturday 8.00am to 6.00pm  
Sunday 8.30am to 6.00pm

### Funny Incident of the month.

If you want to know how to catch an emu ask Gordon Cooksey! Recently an emu strayed into his property from his neighbours emu farm. The dilemma was how to get this huge bird back. With the help of three others, braving its beady eyes, weaving neck and huge clawed feet, our hero cornered the beast and bravely grappled it to the ground! They quickly tied up its legs and tried to lift it but it was too heavy for them. Finally they managed to lever it into a wheelbarrow and push wheelbarrow and emu back next door. By this time the emu was not exactly happy at its rough treatment. Another dilemma! What would the emu do when it was untied! Gordon took no chances. As soon as they untied the rope he ran as fast as he could back home, but he need not have worried as the emu ran in the opposite direction!  
Editors Note\_Thanks Gordon for that amusing story.

### One Tree Hill Baby Sitting Club.

We are a small group of local families who have formed our own Baby sitting club. Do you dread paying the baby sitter on top of an already expensive night out? or begging Mum or the same old standby babysitter yet again to babysit? Now you can have your children looked after by another competent parent (who you know) in your own home at no cost. We're looking for a couple more families to join our club, so if you'd like to attend our next meeting or find out more info, give me a call .....Sandra Underwood,PH:2807009 (after hours).

THE BLACKSMITHS INN  
OPEN 7 DAYS

Our LOUNGE BAR features an extensive menu which is supplemented by our "theme" nights

Monday - Chicken night	\$5.00
Tuesday - Schnitzel night	from \$6.00
Wednesday - Fish night	\$6.00
Thursday - Steak night	\$6.00
Friday - Pasta night	\$5.00

All meals are served with either chips and salad or the appropriate sauces or toppings.

Our RESTAURANT is open Wednesday to Sunday and has an extensive menu.

Main courses start at \$9.50 and include fish, steak, chicken and game dishes.

Sunday lunch carvery (All you can eat) \$12.50 / person  
Ideal as a venue for functions - wedding receptions our speciality.

One Tree Hill Progress Association  
President's Report May 1994

In this annual report I would want to focus on some of the achievements of the last 12 months and challenge us to plan and work for the future.

#### The "Institute".

This community facility came into being through generous gifts and the hard work of a previous generation. This year through the generous bequest of the Mrs Clucas (and we believe as part of Mr Clucas's plans) we have seen the coming together of its upgrading.

The play area is now in excellent shape through the efforts of Fleur Michell, and others, who planned and implemented the total redoing of this area. Thanks to the support of the council it is now all fenced attractively and safely. The area is much more useable both by the playgroups and others.

With the planting of the front completed and the repainting of the doors etc the hall is most attractive.

We indeed have a facility we can be proud of and we hope its use will support its on going costs. A pamphlet to promote it is on the way.

We need to organise our party to celebrate these events!

Development is not a static thing. The local Rotary group have already agreed to supply a picnic table and chairs for the play area and plans are under way to shift the old Library shelter to provide shelter over the sandpit. We still need to explore the possibilities of more convenient storage as well as any improvements to the remaining areas surrounding the hall.

#### The Grapevine

The current trial of direct distribution of the Grapevine together with a new editorial team is certainly reaching out into the community. Articles which have introduced us to some of the people of this community are helpful in building links between us. Often it takes time before people find the space to get out and make some new contacts with other people and groups within this place. It has been good to see the support via advertising for this project. We need to think creatively about how to really make contact and build a greater sense of community and how to fund these actions such as the Grapevine.

#### Local History

The recording of local history, particularly oral history, has long been a concern of this association so we have been delighted with Jill McLatchie's involvement in this area. It is most encouraging to see this getting off the ground, and we are pleased to assist with some of the ongoing costs.

#### Building Community

As an association we need to bring together the past and the present and plan for the future. The hall is one of the focal points of this community. This association provides a place where people can come and express their concerns and their dreams about One Tree Hill. We are here to encourage a sense of community.

The ongoing community markets must be commended. Sometimes we tend to focus on "not many stalls" or "seemed to be fewer people" rather than the fact that some people have taken the opportunity to get together and made contact with other people in this place and hopefully helped the finances of individuals and groups. A single trading table adds to a community, this group is doing much more in providing a regular meeting point for the community.

The Craft Shop which runs under our incorporation, while it has struggled especially in the last 18 months is to be commended for keeping on. It has reached arrangements that enable it to keep on going.

Thank you too to the local council for the Community Notice boards have proved their worth.

People make a place. While I have mentioned a few already there are many others who make this Association work and make One Tree Hill a good place to be. Whether it is ensuring that the hall is cared for by its hirers, fixing the little things that go wrong, organising others to do more major tasks, encouraging the Grapevine crew, looking after our money, challenging us in new directions, reminding us of the importance of the past, writing up the minutes, making a cuppa - they all contribute and make this thing work.

RICHARD WILSON

NEWS FROM THE SCOUT GROUP.

The One Tree Hill Scout Group has had a very busy month once again. As a group and parents we attended "Comedy Capers", a variety show put on by all sections of Scouting. It was a really good night - ask someone who went, about the lady with the big scissors! The Joeys had a very noisy 'pets night. Joeys brought along pets ranging from fish, three day old guinea pigs, flies, cats, dogs and a goat. The cub section is growing with the ten original cubs going to be invested next tuesday night.

On behalf of of the group I would like to thank Lea Stevens and her husband for the Australian flag and tape she presented to the group. Finally we are in need of adult leaders in the cub and scout section. If you have a few hours each week, the children of One Tree Hill really need your help.

QUOTE OF THE MONTH.

All the strength you need to acheive anything is within you. Dont wait for the light at the end of a tunnel, str down there and light the bloody thing yourself! Sara Henderson from her book "The Strength is in us all"

VETERINARY NOTES FOR AUTUMN.

At this time of year many lambs are being born and some unfortunately end up.as orphans needing to be reared on the bottle. If you are unable to obtain any colostrum (the first milk produced) here is a useful formula for both lambs and calves:

1 pint cows milk added to half a pint of warm water.

1 whipped egg

1 tablespoon full of glucose

half a teaspoonful of cod liver oil.

pentavite vitamin drops may also be added.

Feed the colostrum formula for the first week then r onto a proprietary milk powder such as denkavit.

For the first week your lamb will need 3 feeds a day, One sixth of a litre at each feed. Second week 2 feeds a day of one quarter of a litre. 3-8 weeks, 2 feeds a day of one half a litre. Your lamb can go out daily but it will need shelter from the elements, fresh hay and water, with protection from predators such as foxes. If you want to keep your lamb inside disposable nappies size 0 are very useful! To feed your lamb for the first month a teat on a stubby beer bottle is effective. After this a larger beer bottle is more practical. It will be necessary to ring tails and testicals at weaning around 8 weeks of age.

Your lamb may have a few problems. They may not tolerate the formula and this causes stomach discomfort, bloat, constipation or scours. Your lamb will lose interest in food and water. Seek urgent advice from your vet as lambs can deteriorate quickly if appropriate intervention does not occur. 24hrs may be too long to wait. Your lamb can rejoin the flock at 4 weeks of age so it can learn how to be a sheep, socialise and eat grass.

PLACES TO VISIT AROUND ONE TREE HILL.

If you're looking for a quiet family outing on Sunday, one thats not too far away, and not too expensive, you can't do better than visit the Humbug Scrub Sanctuary. Neville Bellchambers, son of the late Ray Bellchambers has come from Victoria to take over the caretaking of this unique private sanctuary. Here in the peaceful bush setting are many native birds and animals, many free to come and go as they wish, while others are protected in enclosures. While the Sanctuary is now open on Sundays only between 11am and 5pm, Neville has plans to open during School holidays as well. Neville enjoys talking to people about the Sanctuary and interaction with the animals is a very enjoyable experience. It's fun to walk down "Cockatoo Street" and be talked to by the feathered residents there!

Charges are very moderate: Adults 40cents, Children 20cents, minimum charge \$2.00. The charm of the place lies in its lack of commercialisation, the bush and the friendly wildlife.

### Puzzle Corner.

Wacky words: each of the items displayed here represents a familiar word, phrase, or saying. For example, CCCCCC can be recognized as the Seven Seas! Have fun with these: 1. JOANB 2. ATTE 3. C TO B OR HAVE NOT TO BE C 4. ABADGE 5. A 6. ie.. 7. THETHE GENT C  
Answers elsewhere in the Grapevine.

### ROTARY NEWS.

From the Rotary Club of Torrens Valley which meets each Wednesday evening at the Kersbrook Tavern. 7pm for 7.30 start. Visitors are welcome to join us in a counter meal (\$10.00) and fellowship, and to hear about Rotary projects. Rotary is open to both men and women nowadays. Contact; President Jim Dahl 2807284.

Charles Moore, District Forester for Mount Crawford, addressed the club as guest speaker on Local Forestry at our May 18th meeting. All the forests in this area were "cut over" for pit props and to support the railways in the 1800s. Large stumps remain in places indicating trees much larger than the current scrub used to flourish here. Nowadays 40,000 cubic metres of softwood logs are harvested each year and, as more than that is added in growth and new plantings each year, this is a continuous resource of the 5000 hectares specifically allocated for timber production. Pinus Radiata is the only species planted on a broad scale. It was chosen after extensive trials involving native and exotic types. Some of these test plantations are still standing. There may still be commercial possibilities for other types, but the East Coast Forest trees generally need summer rain for good growth. Mount Crawford timber is used in building and for fruit boxes and pallets. Timber brings the State 1.6 million dollars a year. There are several separate areas which constitute the 12,500 hectares of the Mount Crawford Forest Reserve. New plantings are on land from which the previous pines have been harvested. None of the remnant native forest areas are logged, but are managed for recreation and research activities. The workforce is about 30 people at Mount Crawford, and with the sawmills at Williamstown, Kuitpo and Wingfield another 50 people, there are also about 8 contractors.

Charles showed slides of the plantations and logging operations, and gave members and guests a very interesting insight into the value of our local forests.  
Reminders.

Students, please contact President Jim if you are interested in having information about the Science or Engineering Summer Schools, or short term student exchanges abroad.

"Rotary is for men and women fostering the ideal of service in personal, business and community life, and advancing international understanding, goodwill and peace."

One Tree Hill Playgroup.

Monday :9.30 am - 11.30 am

Tuesday : 9.30 am - 11.30 am

Wednesdays : 1.00 pm - 3.00 pm

One Tree Hill playgroup will be 19 years old in October, which is pretty good going considering Playgroup Association is just celebrating its 20th birthday this year! It all began in a few parents homes and as it grew in popularity, it began hiring the Institute once a week. As more and more parents joined, the sessions increased to three times a week and it is still going strong. Like all the children over the last 19 years, the One Tree Hill children are entertained with activities, which are usually creative craft work, stories and singing, painting, playdough, waterplay, sandplay, construction toys and home corner are just a few of the favourites available. Playgroup is an important step in the pre-school years, giving 0-5 year olds the opportunity to get to know those they will be going to school with, learn social interaction, and have available certain activities which are usually unavailable at home. And on top of all these benefits, it is a great way for Mum, Dad, or Caregiver to become part of our Community in an enjoyable atmosphere. We hope to see you there!

Contact numbers: President: Julie Garratt...2807537.

Secretary: Lynette Ancell.. 2807404.

News from our Councillor.

The Hopper will be at its usual place on Sat June 4th. There will be a special weekend workshop involving all Council members that weekend to formulate budget plans. Martin will be reporting fully on this in the next "Grapevine". He has hopes the Council will put money into improving our reserves, providing a new toilet and shower block on the Oval, and completing the surfacing of a number of roads. So far it is hopeful that Kentish Road will be completed and Martin will be putting forward strong claims for other road surfacing in our ward.

#### HEARD ON THE GRAPEVINE.

Julie Garratt is hoping 20 people will be interested in a First Aid Course learning Cardio-pulmonary resuscitation.

It will be a certificate course run by the Red Cross, and it will cost \$10.00 per person. Resuscitation of children will be part of the course. These skills are vital for everyone. Contact Julie on 280 7537 for more details.

It has been suggested that a Mural should be painted on the bare wall in the playground. Ideas, suggestions and offers of help will be welcomed by Richard Sullivan 280 7484. Did everyone see the unusual ad in the Horses Stock and Saddlery section of the advertiser recently? It read Chris and Marina Durban are pleased to announce the results of their O.D.E. the arrival of a beautiful daughter Phillipa Christie, 8 lb 11 ozs correct weight. 8.45pm, no time faults on May 13th, a clear round. Congratulations Chris and Marina!

Congratulations to Karen and Jon Mitson who had a baby son Alexander Willum Kerr, born on 6/5/94 weighing 7lb 13ozs, and to Sharon and Brenton Barritt who had a baby son Nicholas John on 21/5/94 weighing 8lb 14ozs.

#### SPORTS ROUND UP.

##### EQUESTRIAN CLUB.

A very successful One Day Event was held on May 15th. Andrea Hall had designed a new course with lots of new jumps which really made the horses think. Some had sheepskins draped over them, there were toys and plastic bottles, and there was even a dreamtime jump with an aboriginal motif. It was also great to see some extra helpers both at this event and also at two working bees that have been held recently. Anyone of any age who is interested in horses is very welcome to come along and share in the activities.

June 5th...treasure hunt. Practice for the pony club D certificate. Practice for team ride of four.

June 19th...Dressage instruction with Joan Anderson. Novelty games practice. Exam for D certificate.

July 3rd...Pony club Metro Zone training day at the club grounds. Five city clubs will also be coming. Activities usually start at 10.00am.

##### BUSH WALKING GROUP.

This group has started again. It will be meeting on Saturday June 4th at 1.30 pm prompt at the One Tree Hill Church. The next walk will be on Sunday June 19th. Contact Barbara Hatcher on 280 7135 for further details.

Did You Know...some early history of One Tree Hill.

One Tree Hill is situated in the hills and valleys of the Northern Mount Lofty Ranges, South East of Gawler. The natural vegetation comprises wattle, Tea Tree, gums, wild flowers and grasses. The first settlers, principally from Britain, arriving in the 1840s, cleared the land by pick and axe, developing the area into one of the best grazing belts in the state. Pasture improvements and the starting of farming with vineyards, orchards and wheat led to the development of some large grazing properties like "Yattalunga" and "Goulds Creek". "Goulds Creek was demolished in 1977 to make way for for the Little Para Reservoir) Today many of the farms are sub divided and a new and growing population is becoming established. On the old route (now Blacktop Rd) to the goldfields at the Barossa and Humbug Scrub Lady Alice Mine, a Mr W.E. Loftes built an inn which which was first licensed in 1851. It was the first meeting place of the Munno Para East Council. Opposite the inn is the site of the the original

"One Tree" now surrounded by five gums planted to replace the original. Editors note...There seems to be several stories going around about the actual siter of the tree and what really happened to it. Some sources say it was burnt down, others that it was chopped down by mistake. Can any readers tell us the true story.

## OUT AND ABOUT IN ONE TREE HILL.

### Senior Citizens.

The Senior Citizens continue to meet regularly on a Tuesday afternoon for fun and fellowship. Recently some members went to the Rotary Show at the Shedley Theatre at Elizabeth to watch some members who were taking part and had a very enjoyable time. Members also farewelled Aubrey and Margorie Higgins who left to go to England on May 22nd. Aubrey is celebrating his 80th birthday in June, so the Senior Citizens had a pre-birthday cake for him. Aubrey and Margorie will be away 8 weeks. Members have also been 10 pin bowling which was good fun.

+The Senior Citizens have a problem which maybe someone in the community has an idea about. They would like to be able to go on more outings but the buses are so expensive to hire. They cost between three and four hundred dollars for a good coach with air-conditioning and possibly a toilet. They usually have between 40 and 50 people on their outings but pensioners cant afford these prices. Coaches are better for them than private cars as they enjoy the fellowship and the sing-a-longs. Any ideas anyone?

### RURAL WATCH.

The recent meeting of Rural Watch was well attended with about 35-40 people. Senior Constable Peter Marr gave an excellent and eye-opening talk on road safety and drink driving in particular. How many knew you could lose your licence for a first offence? His talk was followed by a very graphic video which showed just what happens to all concerned in an accident. I think there was some very careful driving home that night.

### One Tree Hill Youth Group.

A varied programme of activities is planned for June  
June 3rd...visit to the movies. Meet at 6.30 at the Church.  
June 10th...Quiz night. Everyone in the community is welcome. Cost will be \$2.00. Please bring a plate of supper to share. It will be from 7pm at the Church.  
June 17th..Sporting night. Meet at 7pm at the Church.  
June 24th...Bonfire. Meet at 7pm at the Church.  
July 1st. Visit to the Aquadrome at Elizabeth. Meet at 7pm at the Church.

Any enquiries about youth group activities please contact Chris Haskard: phone: 2807192.

### ANSWERS TO WACKY WORDS.

1. An inside job.
2. The heart of the matter.
3. See both sides of the question.
4. Badinage.
5. Under cover agent (Under C\_overA\_Gent)
6. That is beside the point.
7. The first and the last.

## ULEYBURY SCHOOL MUSEUM.

There was a good response from the community at the recent meeting of the Uleybury School Museum, with a number of offers of help. This means the doors will stay open and the museum will be more viable. The committee is looking at ways to improve the facilities, with an audio visual system currently being discussed. Martin Lindsell met with the Council to discuss a joint function in October. It is planned to invite past students of Uleybury School and the women of the district to a special celebration of the centenary of women's suffrage in S.A. There would be an open day for the whole community. Anyone who would like to help with this please contact Martin Lindsell. or Phil Squires.

### JOKE OF THE MONTH.

Question: Do you know how copper wire was invented?

Answer: Copper wire was invented by two scotsmen arguing over a penny!

Contributed by Charles Moore..District Forester for Mount Crawford.

### NEWS FROM THE CHURCH.

Members are saddened at the news that their Minister Roz Bond is leaving them in September to go to Dernancourt. This will be a big loss to the One Tree Hill district. Recently a very succesful Thanksgiving service followed by lunch was held with C.F.S. Members and their families. Some of the groups involved with the Church include the My Unique Me Group for young mothers, the Youth Bible sudy group and the Church Fellowship. The Church Fellowship meets on the 4th wednesday in the month at 10.00am in the Church.
