Walkie Talkies ready for their 1st Birthday Walk

The One Tree Hill Walking group "The Walkie Talkies" have just had their 1st Birthday, this was celebrated with a lovely walk and then followed by an even lovelier lunch at the home of one of their members, Amelia. If anyone who has heard them while walking, they will know there is loads of laughter and chatting as they walk around One Tree Hill. Continued page 3.

From the Desk

Welcome to another edition of the Grapevine. We hope that you are all managing to keep warm, does it seem like the cold weather has been with us for too long this year?

Oh well just one more month and we will be basking in the Spring sunshine. It's a wonderful time of the year for non hay fever sufferers with all the bulbs flowering and looking splendid.

If you have some photos of your spring garden that you would like to share with the Grapevine please send them in and we will try to publish them.

What an achievement the "Walkie Talkies" have made, their 1st birthday already! It's been great reporting on how they are going with their walks. It sounds like great fun, if you would like to join them please call Helen for further information. Her phone number is on page 3.

We also have the article from the school about the Volleyball. It sounds like they did extremely well in their

very first season.

As you will read below the OTH Progress Association is calling for input into some ideas that have been proposed, mainly to do with the main street. Please take the time to read it and send your suggestions or support through.

We would like to wish the One Tree Hill Uniting Church a very Happy Birthday, it is 145 years old. We hope that you enjoy reading the articles from the past.

Happy reading from the Grapevine team.

You can view the Grapevine online, just go to www.onetreehillhall.com.au and go to "About Us" and you will find the editions at the bottom of the page.

Presidents Report August 2012

The One Tree Hill Progress Association is back into full swing after a short break - most of the committee were on overseas trips to various places around the globe. (Lucky people).

We are seeking community input into several items that have emerged from correspondence received by Progress. Firstly, with increased hiring of the local hall, there have been suggestions about removing or modifying the garden beds in the main street. With increases in the size of functions e.g. Weddings - there is a major shortage of car parking. Cars parking too close to other entrances onto the Main Street make exiting from those streets very dangerous.

Along with the garden beds there have also been suggestions regarding the placement of roundabouts at Jordan Drive and Rose Court, to slow traffic speed, or a speed control/ reduction device (similar to the main street in Birdwood).

Even though the township has a 50 kph limit there are still many people speeding through the township. Anyone wishing to make comments should direct them to The Progress Association.

With the restrictions applying to new burial plots at the One Tree Hill Cemetery, there has been some discussion relating to construction of a brick "Memory Wall", where brass plaques could be placed as a memorial to past residents.

The Association seeks community input/consultation, before we communicate any preferences to Playford Council.

Finally, The Tour Down Under will pass through One Tree Hill travelling West at about 11.30am on Friday the 25th January, 2013.

Numerous awards have been won and presented for every year the tour has come through the township - thanks to the effort and support of the residents who have come out to dress themselves and the main road in "bike theme" regalia.

The Progress Association does not intend a major event on this occasion but will welcome anyone who wishes to assist in "dressing" up the main street to welcome the riders of the tour.

Again, please register your interest by contacting the One Tree Hill Progress Association via email:

oth.progress@bigpond.com

or by post: P.O. Box 196 One Tree Hill, SA 5114

or by phoning the Secretary on 8280 7095

Regards Ian Slater, President of One Tree Hill Progress.

Q: What do bulletproof vests, fire escapes, windshield wipers and laser printers have in common?

A: They were all invented by women....

Happy Birthday Walkie Talkies!

The group have expanded their catalogue of walks with varying degrees of difficulty and duration all with beautiful scenery of course. They have their "special" walk on the last Sunday of each month where they arrange a walk followed by morning tea, this is a great way to end the month.

The group meets at 8.00am every Monday, Wednesday and Sunday outside of the One Tree Hill General Store and they are always looking out for newbies to join them. Just turn up with your walking shoes on or contact Helen on 8280 7035 for further details.

The Walkie Talkies now have 28 members including 5 males, so you can be assured of finding a walking companion. There is not one day that members haven't turned up for their walk, even on cold wet days they battled on, Helen says that at times she thinks that they are either crazy or very dedicated.

Helen says that the OTH Grapevine has been responsible for the very successful walking group being established and has sent the team a big thank you.

It has been a pleasure being able to print Helen's updates throughout the year and we wish the group many more years of coming together and walking for their health and pleasure. Congratulations on your 1st Birthday—Grapevine team.

Spikezone Volleyball

One Tree Hill Primary School recently entered two teams in an after-school Volleyball competition at St. Brigid's School in Gawler. Both teams have done extremely well considering this was their first ever season with one team winning their grand final and the other coming second. All players have made significant improvements in their skills and capabilities, enjoying the team spirit and having a great time.

CFS REPORT AUGUST 2012

Incident Report

*Yet again this month has proven roads in and around One Tree Hill can be dangerous. The Brigade has attended to two road crashes. As always the usual cause is speeding and risk taking in the wrong location.
The only other callout was a private alarm for the One Tree Hill Primary School.*

Thanks

The Brigade would like to thank all those individuals who sold and purchases lottery tickets in the People's Choice Credit Union Community Lottery, All the monies will go to the benefit of the Brigade in providing the best possible service to the community. Best of luck with your tickets.

Reminder

Do you live a few minutes away from the CFS Station?

THE CFS NEEDS YOU

*It's that time of the year when the CFS starts to accept new recruits into the service for the next fire season. It can take up to 6 months to train an individual to become competent in fire ground techniques. If you are over 18 years of age and like being a part of a team then why not consider joining us at the One Tree Hill Station. We train every Monday night at 7.30pm.
(Not including public holidays.*

Councillor's Report by Joe Federico

By now ratepayers will be aware that the rate rise for this financial year has been kept down to 6.3% however Council will have to make some tough decisions on reducing or cutting services to maintain lower rates or suffer an increase in debt which is expected under the current financial climate to peak at \$93,000,000. This amount of debt in my opinion is unacceptable considering the services experienced by all ratepayers are the same as they have always been. New Infrastructure and regeneration projects consume what would be expected to be the major portion of funds when in fact wages are the Cities greatest expenditure with a further approximately \$4,000,000 going to pay interest costs.

Round two of the Cities Major Project/Event Grant Funding are now open and organisations and individuals looking for funding can contact Council for an application form and eligibility guidelines or go to www.playford.sa.gov.au.

Michael O'Brien MP was at the Country Market and received some feedback on the Kersbrook Road Intersection. I was astonished to hear from him and Nick Champion MP's office that only one person has followed my advice and made contact with them especially seeing that I have had several people offer to take up petitions and numerous phone calls even on Sunday afternoons berating me for not fixing the problem.

Cr Joe Federico Phone: 0417 016 164 Fax: 8280 7963

Full Council details on Page 19

I can only reiterate that I can only pass on your comments and do not have the power to direct State & Federal funding or authorise works. Nick Champion MP can lobby for Federal Blackspot Funding and Michael O'Brien can direct where such funds are spent.

Both need your written submissions to add weight to their argument so please write to them they are your Local State and Federal members. Michael O'Brien MP email is napien@parliament.sa.gov.au and Nick Champion MP emails address is Nick.Champion.MP@aph.gov.au.

If you have any concerns or issues with or about our City, please in the first instance phone 82560333 and or **send your e-mails to playford@playford.sa.gov.au and cc to crfederico@playford.sa.gov.au** this will ensure that council sees your concerns and then forwards your e-mails on to me. If you are uncomfortable with council viewing your comments then please e-mail me at jfederico@internode.on.net if subsequent to that approach you do not receive a timely or satisfactory result please feel free to contact me personally. However I cannot guarantee that I will be able to get any better results but will at least have council reassess their position and provide an explanation as to their resolve and in some cases if not most, reach a compromise that is acceptable to all parties concerned. Council's 24 hour phone number is **8256 0333** for all your enquires and or requests. Remember to get a Customer Reference Number (CRS) to ensure registration and easy identification of your communication.

To the Grapevine Team: Thank you very much for the great looking article of Craig in the Grapevine last month. We have had plenty of people comment to us already. I have emailed Craig the PDF version.

Keep up the great work of a great publication. Not many towns like ours can brag that they have the same thing.

Kind regards Tony and Jenni Goodwin.

Horse Care — Feeding for Work

The normal gut capacity of an average 15hh/500 kg horse is about 60 litres. This is all the feed they can process in 24 hours.

One average 4 inch thick biscuit of hay is about 15 litres. At rest, or walking a little, requires hay and a small nutrient supplement, possibly provided with dampened chaff for palatability.

When in light work, a small concentrate feed is needed. This should only be fed on the days he works, preferably after he works. Make it part of his evening meal, then if you don't work him for some reason he is not full of energy he cannot use.

In medium work, he may need some concentrate to be fed in the morning so his digestion is not overloaded with the extra feed. If he is unexpectedly not worked for some reason, then do not give him the evening meal, just his hay.

If you have any horse query for Julie please email the Grapevine. Email:
oth.grapevine@bigpond.com

In hard work, he will still need at least 40% of his feed by weight, to be fed as a minimum of 30% hay with 10% chaff.

Feed about 1/3rd of his concentrates in the morning, with chaff, and the remainder in the evening if he has worked that day. Provide most of the hay in the evening, to amuse him overnight. This is particularly important if he is confined to a stable.

Horses that have the amount of fibre restricted, such as race horses in hard training, will have their hind gut shrink in size. They then require careful management of feed mixtures and timing to prevent colic, tying up and other metabolic disorders.

Horses fed large amounts of poor quality hay, with low or no concentrate feed, will have their hind gut grow to accommodate the extra feed they need to take in to obtain their nutrients. This is the classic "grass belly" of the poorly fed horse. (Of they get sufficient nutrients in concentrates they will not eat so much of the poor hay).

Did you know: In Shakespeare's time, mattresses were secured on bed frames by ropes. When you pulled on the ropes, the mattress tightened, making the bed firmer to sleep on. Hence the phrase...."Goodnight, sleep tight".

It was the accepted practice in Babylon 4,000 years ago that for a month after the wedding, the bride's father would supply his son-in-law with all the mead he could drink. Mead is a honey beer and because their calendar was lunar based, this period was called the honey month, which we know today as the honeymoon.

Q: What is the only food that doesn't spoil? A: Honey.

Q: Why did the wallaby cross the road?
A: Because it was the chicken's day off!

Mind Over Matter - Solution
The letters A-Z are valued 1-26. In each set, the difference between the sum of the two values on the right, minus the sum of the two values on the left, equals the middle value, so the mystery letter is S (19).

Answers to Sudoku on page 13 along with the solution to the Number Ladder.

Scrap Metal Theft Scrap metal and building materials such as copper piping, taps and electrical cable are being stolen from residential properties under construction, vacant house and front yards of houses in South Australia. Research suggests the thefts are being experienced nationally and internationally and are closely linked to a significantly higher market value for semi-precious metals.

Ultimately it is in the community which suffers as a result of these thefts with the impact passed onto consumers through increased building costs and insurance premiums.

A reduction the level of these thefts will benefit all South Australians.

CRIME PREVENTION TIPS:

Keep building sites tidy. Do not leave unused materials on site.

Consider installing security lighting, fences and locked gates to deter potential thieves.

Have products and materials delivered and installed the same day.

Where practical, arrange for products such as copper to be stored securely out general view.

Secure products and material whilst transporting them.

Consider marking copper products with micro dot technology or coloured spray paint to make them less attractive to steal.

Establish person contact with neighbouring properties.

Be aware of people loitering in the area around vacant houses and building sites especially during hours of darkness.

If you see anyone loitering or removing materials from properties after hours phone police immediately.

Be alert to vehicles at building sites that have their registration numbers obscured or missing.

Report all thefts to police. Call Crime Stoppers 1300 333 000

SEDAN RAILWAY: From "One Tree Hillite" :- "With great interest I read the engineer's report on the proposed routes through the Hills in connection with the Sedan Railway. In The Register of June 26, I pointed out a much easier route so far as Kersbrook is concerned—namely, from Smithfield to Kersbrook: but, unfortunately there is no committee to push it along. If it were decided to inspect the route I then proposed, there would not be the customary committee to meet the inspectors, and no luncheon could be provided: but a number of young men at One Tree Hill are willing to show the members of the commission the line of country suggested. If the commission will determine to have this route inspected I am willing the event of the line not being easier, and quite 20 per cent cheaper to construct than one along any other yet proposed to Kersbrook, to forfeit £5 towards the cost of the inspection.

In English pubs, ale is ordered by pints and quarts.... So in old England, when customers got unruly, the bartender would yell at them "Mind your pints and quarts, and settle down".

It's where we get the phrase:
"Mind your P's and Q's!"

Cyber for our young in One Tree Hill

Nick Champion encourages One Tree Hill Primary School to nominate themselves to brief the Government on cybersafety issues and become part of this year's Youth Advisory Group on Cybersafety (YAG)

"Keeping Australians, particularly young people, safe online is a major priority for the Government. I urge the primary school and students aged 8 to 12 to get involved so they can advise us about what more we should be doing to tackle this important issue", Nick Champion said. "Input from this group in previous years has been extremely important in helping formulate Government policies. For example, it contributed greatly to the development of cybersafety resources like the Cybersafety Help Button and the Easy Guide to Socializing Online".

Nick Champion said that younger Australians are growing up in an online world and it is vital that they have a voice in ensuring Government policies are practical and relevant to them.

Information packs and more detail about the YAG are available online at:
<https://yag.gov.au>

History of the One Tree Hill Uniting Church

A CHURCH IS BORN

On September 26th, 1866, the Gawler Wesleyan Circuit decided “that application be made for permission to build chapels at One Tree Hill, Pinkerton Plains and Willaston”. ... and on December 26th, 1866 ———”that One Tree Hill be taken up and preaching established at once”. Thus Methodism came to One Tree Hill.

ACQUISITION OF LAND: One Tree Hill Church was built on land originally granted to William Henry Gartrell by the Governor of South Australia, Sir Henry Fox Young. The property was transferred to James Purdie in 1855, who on July 23rd, 1867, by consent of the Rev. Thomas Lloyd, transferred it to the Trustees of the One Tree Hill Methodist Church for a token sum of £5-0-0.

THE FOUNDATION STONE: Early records are scarce, but an old newspaper cutting describes the laying of the Foundation Stone: "This Foundation Stone was laid on Monday 12th August". On Sunday two appropriate sermons were preached to a large congregation in the open air. Conducting the services were Mr. Thomas Mankey and Mr. R. Barratt. "On Monday 12th August most of the inhabitants of the neighbourhood, with many friends from Gawler and Salisbury assembled on the chapel site to witness the ceremony of the laying of the foundation stone which was duly and efficiently performed by Mr. William Kelly, of Goulds Creek. Mr. Kelly also delivered a short but truly catholic speech, and congratulated the residents of One Tree Hill on their promises of increasing Gospel privileges. "The Rev. Thomas Lloyd commented upon doctrines that would be preached and the company adjourned to a spacious tent for a tea".

THE FIRST CONGREGATION: Some idea of the members of the first congregation may be had from this list of “pew holders” of December, 1867:- Mrs. Purdie, Mr. Campbell, Mr. Taylor, Mr. Burden, Mr. McMillan, Mr Johnston, Mr. Bowmn, Mr. Masters, Mrs. Kelly, Mrs. Campbell, Mrs. Blackham, Mrs. Jones, Mrs. Gayland, Mrs. Bartle, Mrs. Hamlin, Mrs. Walters, Mrs. Well Mrs. Matson, Mr. Williams, Mr Loftus.

BAPTISMS: The Baptismal Register dates back to July 6, 1866, when Archabal, son of Angas and Sarah Cambell of One Tree Hill, born March 15th, 1867, was baptized by the Rev. T. Lloyd. One the same occasion he baptized Laura, daughter of James and Eliza Campbell of One Tree Hill, born on July 16th, 1866.

SERVICES AT GOLD MINE: Another newspaper cutting tells of Mr. Frank Bowman who arrived in 1849, travelling by bullock team. He became a member of the Church and went regularly to the “Lady Alice” gold mine to conduct Services of Worship.

SUNDAY SCHOOL: The Sunday School Roll Book of September 8th, 1867, shows 22 scholars. Their teachers were Mrs. Kelly, Miss Kelly, Mr. A. Shillabeer, Mr. Francis, Miss Hewitson and Mrs. Johnson. By 1868 the Sunday School had over 60 scholars. The names of these first scholars are available for any person interested.

RESPONSIBILITY TOWARD OTHERS: In 1869, One Tree Hill made a contribution of £7-6-5 to the Home Mission Fund and the year before, £1-1-5 to the "Worn Out Ministers and Ministers Widows Fund".

From the South Australian Register

Tuesday September 3rd 1867.

New Wesleyan Church at One Tree Hill was opened for divine worship, where the Rev. James Watsford preached three appropriate sermons to a large congregation. On Monday a tea meeting was held, and a public meeting followed, when the chapel crowded, some contented themselves with listening from outside. The chair was taken by Mr. William Kelly of Cudlee Creek, who presided with his accustomed cheerfulness and ability. The Rev. Thomas Lloyd read the financial statement. Able and interesting speeches were delivered by the Revds. J. Watsford, G. Swann, and J. Legoe, and Messrs. T. J. Mankey and W. Lock. The proceeds of the services and tea in promises and cash amounted to the sum of £86 10s. The Church is a neat structure of Gothic design. It is 35 feet in length by 25 feet in width in the clear, and is 17 feet from floor to ceiling. Neat and substantial cedar seats have been inserted, with a temporary platform; but the walls are still unplastered. All the rubble work in the walls is of a clean yellow stone, with which the neighbourhood abounds. All the main quoins, window quoins, and arches are cut stone, the blocks of which were obtained from the ground of Mr. H. Blackham. The gables are finished with a massive cut stone coping. Mr. G. Steere of Gawler, mason, and Messrs. Deland & Tardiff, carpenters have executed their contracts to the entire satisfaction of the Trustees.—*Correspondent.*

AND IN 1967: This was written for the 100th Anniversary.

One Tree Hill Church is set amid gentle hill country overlooking the sprawling Adelaide Plains and the new city of Elizabeth. In October, 1965, One Tree Hill Church was separated from the Gawler Circuit to which it belonged for almost 100 years and became part of the Elizabeth Circuit Mission. Toward the end of its first century, a new era began. To mark this occasion, the interior of the Church was renovated at a cost of almost 750 Dollars. The new Communion Table is a gift from the Ladies Guild; the Baptismal Font, from Mr. and Mrs. E.V. Paine, flower pedestal, Mrs. A. Crocker and family. Renovations were carried out by Mr. R. Bowden of Reynella. The Church Trust thanked all who contributed in one way or another to help bring the Church to this point in its life. The Ladies Guild, formed in 1962 and numbering only 14 members, contributed splendidly. They were not certain of what this new century held for the Church but they said " We can all be certain that if the Church is Faithful to its Lord and Master Jesus Christ, His Spirit will sustain it in this new age.

*We wish the Uniting Church
a Happy Birthday.*

You know that you are living in 2011 when:

- 1: You accidentally enter your PIN on the microwave.
- 2: You haven't played solitaire with real cards in years.
- 3: You have a list of 15 phone nos. to reach your family of 3.
- 4: You email the person who works at the desk next to you.
- 5: Your reason for not staying in touch with friends and family is that they don't have an email addresses.
- 6: You pull up in your own driveway and use your mobile phone to see if anyone is home to help with the groceries...

- 7: Every commercial on television has a web site at the bottom of the screen.
- 8: Leaving the house without your mobile phone, which you didn't even have the first 20 or 30 or (60) years of your life, is now a cause for panic and you turn around to go and get it.
- 9: You get up in the morning and go on line before your coffee.
- 11: You start tilting your head sideways to smile. ;)

There are four effective ways of marking your property.

- 1: Engraving: use an S for SA and then your drivers license number on your property.
- 2: UV Pen: is invisible to the naked eye. Write your license number on your property and put a NHW sticker on the items advising that the property is marked with an ultra violet pen.
- 3: Data Dots: are the size of a pinhead and are invisible to the naked eye. An ultra violet light or microscope is used to read the dots. Use a NHW stick to show the property is marked.
- 4: Any other permanent means: such as painting or stamping can be just as effective and a tool for Police to track down the rightful owner. Some items such as jewellery, paintings, antiques etc. are not suitable for engraving. Photograph the item instead with a ruler beside them to indicate size. Keep a list of these items.

Patricia Iris Gatt

03/04/1945 - 27/06/2012

We were saddened to hear of the passing of Pat recently.

Pat and her husband John moved into their new home in One Tree Hill in 1978. Their children Rodena and Warren, aka "Wazzy" both attended the OTH Primary School. Pat was a very quiet person, but she gave so much.

For over 10 years she did voluntary work with Red Cross in Gawler as well as at the Playford Library working on genealogy. She also made most of the costumes for Lynne's Dance studio in recent years and many times helped families who were unable to afford their children's costumes for their performances.

Pat will be missed by all who knew her, especially the "Mums" of the 70s and 80s from the OTH Primary School.

Pat was able to fulfill her dream of visiting her country of birth (UK) with her granddaughter just before her illness took hold. *Sincere condolences to John, Rodena, Warren and their families.*

Kaye and Ian Slater
welcome their first grand
child Owen Lewis Hall

Born 26th June 2012.

**CONGRATULATIONS
Carmen & Spencer**

Owen's Mum, Carmen grew up on Uley Road, and on the Scenic Route. Carmen attended Trinity College. She is probably best known for her equestrian skills where she won the State Junior Development Award on two occasions and rode her horses with great success for many years over the state and at the Royal Adelaide Show.

Carmen and her husband, Spencer Hall will be residing back in the One Tree Hill area in the next twelve months, once a new home is constructed. Spencer is a plumber, so will no doubt be available to fix local plumbing problems.

Kaye and Ian welcomed little Owen into the family and hope that he has a long and enjoyable life living at One Tree Hill. *Congratulations from the people of OTH.*

OTH Senior Citizens meet every Tuesday at the Institute from 1.00pm until 4.00pm. Come and enjoy the camaraderie along with indoor bowls, cards, afternoon tea as well as trips and dinners at various times. Any age are welcome.
